For the rapid Cure of COUGHS. COLDS. HOARSENESS, BROXCHITIS. WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

This remedy has won for itself such notoricty from its cures of every variety of pulmonary disease, that it is entirely unnecessary to recount the evidences of its virtues in any community where it has been employed. When once tried its speriority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs which are incident to our climate. And not only in formid dide attacks upon the lungs, but for the milder varieties of Colds, Coughs, Hoarseness, Wel; and for Children it is the pleasantest and safest medicine that can be obtained.

As it has long been in constant use throughout this section, we need in the more than a sure the people its quality is kept up to the best that it ever has been, and that the genuine article is sold by—
